

# TO TUNE THE GUITAR

Below is shown the note that each individual string is tuned to.

*FROM THE THICKEST STRING....TO THE THINNEST*

## E A D G B E

(THIS IS WITH THE GUITAR LOOKING AT YOU.)

To tune the guitar accurately, a set of pitch pipes or a digital guitar tuner get the best results. A digital tuner comes with instructions on how to use it and tune your guitar. Pitch pipes rely on how good your “musical ear” is.
